welcome

Good afternoon and welcome to the players, management & supporters of today's visitors Chester FC, for what is the first and probably the last league game between the two clubs here at the Look Local Stadium, we hope you enjoy your short stay with us and have a safe journey home.

Chester had a good win at Kendal on Tuesday in awful conditions, Northwich kept the title race alive winning at Chasetown, doing the Steels a favour in the process.

Although the title race looks like it may soon be over, the battle to stay up could go to last day of the season. Burscough have already been relegated with seven teams including Stocksbridge trying to avoid the other three places.

Can I take this opportunity to thank Jeff Banks for his help in producing this programme.

You can see highlights of this game on the website www.stockbridgeps.com or by following the link on the Chester website from Monday evening.

ENJOY THE GAME ED.

Chester FC - History

In 1885, Chester Football Club was originally founded as an amalgamation of Chester Rovers and Old King's Scholars, and home games were initially played at Faulkner Street in the area of Hoole.

Chester FC played just friendly matches for the first five years before joining the Combination League in 1890, and five years later the Cheshire Senior Cup became their first trophy, followed by a move three years later in 1898 to The Old Showground, also in Hoole.

Just 12 months later however, the club were forced to disband when the ground was lost to a housing development.

The new century saw the club return though, and in 1901 the club were housed in Whipcord Lane, and that would turn into a successful venue for Chester FC, as they clinched the Combination League there in 1909 after finishing runners up for the preceding five seasons.

Chester also entered and won the Welsh Cup in 1908 after they defeated Connah's Quay, a Cup they also went on to win in the 1930s & 40s.

In 1910, Chester were elected to the Lancashire Combination, and were founder members of the Cheshire County League once the First World War had ended, when they became founder members of the Cheshire County League.

1931 was a major year in the Club's history, when new manager Charlie Hewitt - appointed just a year earlier, guided the Club in to the Football League for the very first time, in place of Nelson FC.

The 1930s saw Chester's biggest ever FA Cup win (5-0 over Fulham in 1933 & 1935), and in 1936 recorded their record victory, a 12-0 win over York City, which still remains the Club's biggest victory to date.

Chester won the Welsh Cup for the second time in 1933, beating Wrexham at Sealand Road, however World War Two then intervened with the Club's progression.

Chester's record attendance was set in 1952, when Sealand Road was packed to the rafters for an FA Cup tie against Chelsea, where the official attendance was quoted as 20,500.

By the time the lower divisions were merged in 1958, the Club had won another Welsh Cup, and the Club were placed into Division Four.

The 1960s saw the start of the successful post war period, with South African Peter Hauser oversaw quite possibly the most exciting season for Chester FC, where all five forwards managed to score over 20 goal, with 119 goals being scored in total, although amazingly that season Chester were never promoted.

The 1970s then saw arguably the most successful period in the Club's history, when Chester FC made it to the League Cup Semi Finals, dumping out League Champions Leeds United at a packed Sealand Road, where over 19,000 crammed in to see the Blues win 3-0 in front of the BBC Sportsnight cameras in what is regarded as one of the biggest ever shocks in the history of the League Cup. They also disposed of Newcastle United en route to the Semi's where they eventually lost 5-4 on aggregate to Aston Villa over two legs.

That season also saw manager Ken Roberts guide Chester FC to their first Football League promotion, with the Blues going up courtesy of goal average in one of the tightest ever ends to a season.

The late 1970s saw the Club have successful runs in the FA Cup, making the 5th Round on two occasions, under former Man City midfielder Alan Oakes, who also lifted the Debenhams Cup in 1977, beating Port Vale to win the Club's first national trophy.

The 1980s started with a major transfer in the Chester FC's history, when local boy Ian Rush was sold to Liverpool for £300,000 when Bob Paisley recognised how talented 'Rushie' was, and he would go on to have huge success at Anfield of course.

A big change took place in 1983, when the Club became known as Chester City, with the addition of 'City' lasting for a period of 27 years, and 'City' would experience a promotion just 3 years later, when the likes of Stuart Rimmer - who would go on to become the Club's record breaking goalscorer - were guided by manager Harry McNally into the Third Division, in what was a successful time, that also saw Chester beat their local rivals Wrexham in two Cup competitions.

In 1990 though, the bad times for the Club really started, with the Sealand Road ground being sold without the Club having anywhere to play, but the Club brokered a last minute deal to play at Macclesfield Town's Moss Rose ground for 2 years, and McNally would perform wonders to keep the Club in the 3rd Division.

Two years later, the Club would return to its home City though, and the Deva Stadium was opened up, with Chester winning the first League game there 3-0 against Burnley. However, the Club suffered a relegation in the first season back, but bounced back the following season under a new manager, Graham Barrow, one of the Club's most popular figures.

Sadly though, Barrow was forced to quit the Club after problems with the owners at the time, and the Club slid straight back into Division Four.

Chester City's problems worsened under the ownership of Mark Guterman, who put the Club into Administration in 1998, after manager Kevin Ratcliffe had done his best to get the Blues promoted, but a Play Off defeat to Swansea ensured that the Club would fall back rather than go forward.

Just when fans thought it couldn't get any worse, American Terry Smith then purchased the Club, and his erratic ownership saw the Blues lose their Football League place after 69 years, relegated on the final day of the season in 2000 after a 1-0 home defeat to Peterborough United.

Smith managed to stay around until the start of the 2001 season that saw the Blues struggling in the lower reaches of the Conference, and at this point Smith handed the reins to Stephen Vaughan, who would become the man to eventually lead the Club into Liquidation in 2010.

It all started well enough though, with Chester City gaining promotion back to the Football League having won the Conference Championship in 2004, where the spectacular partnership of Daryl Clare & Darryn Stamp netted 50 goals.

Just when Chester fans thought it was safe to enjoy the Football League again though, manager Mark Wright walked out on the Club on the eve of the new season, and City just managed to avoid relegation that season to keep hold of their Football League place. But several years of chopping and changing Managers eventually led to the Club dropping back in to non league football in 2009, when Darlington condemned Chester to relegation, and this time City would never get back to the League.

In May 2009, the Club was then placed into Administration for the second time, resulting in a 10 point deduction, which was increased to 25 points when the Conference imposed their own penalty against the Club.

The Vaughan Family then controversially reclaimed the Club from Administration in July 2009, but the football authorities were not impressed by this, and the FA revoked the Club's licence to play football on the eve of the new season, however, an agreement was put in place for Chester City to pay their football creditors in the near future and the Club were finally allowed to start the season.

- today's visitors

Controversy would not stay away from the Club, and not one, but two managers would lose their jobs in the space of 3 months, as first Mick Wadsworth, and then the popular Jim Harvey would make way for what was the final straw for most fans - the appointment of Morell Maison.

Maison became the final manager of Chester City FC, and was in charge for the Club's final game, a 2-1 home defeat to Ebbsfleet United, where a meagre 400+ fans turned up, with most boycotting the vaughan era at the club.

By now, it was obvious that Chester City were heading out of business, with Chester players refusing to board the team bus as no wages had been received saw the cancellation of the away match at Forest Green, this was the final straw for the Conference this time, and just 3 days later the Club were suspended from the League.

Chester were summoned to the Football Conference on the 18th February, and it was recommended that the Club be expelled from their competition, however on the same night as a public meeting of Chester fans in the City of Chester, the other Clubs in the Conference gave City a 14 day stay of execution, at the end of which Chester City were expelled from the League having failed to defend itself at the Conference HQ.

Just twelve days later though, the final nail was driven into the Chester City coffin when the Judge at the High Court wound the club up after a tax bill went unpaid, and Chester City were no more, but that would not be the end of the story.

Supporters group City Fans United had already begun preparations to form a phoenix club for the following season and from the ashes of the old club Chester Football Club was officially reborn on Thursday 21st May 2010 and now look's forward to starting life in the Evo-stik Division 1 North, step four of the National League System.

The new club received another welcome boost when Cheshire West and Chester Council granted the lease of the Deva Stadium, Chester City's former ground, to the supporter owned club.

Neil Young was appointed the club's first manager with former Tranmere Rovers, Nottingham Forest and Grimsby Town player Gary Jones as his assistant. Young has acted quickly to assemble a competitive squad of players as the new club looks forward to progressing back up the non-league pyramid.

Saturday 10th July saw the reborn Club's first friendly match, which ended in a 2-0 defeat at Colwyn Bay, but fans were just pleased to see the Blues back, and almost four times as many supporters made the trip up the North Wales coast than those who attended the final Chester City game in February 2010.

Chester FC played their very first competitive game since reformation on Tuesday 24th August 2010, which resulted in a 1-1 draw at Warrington Town. Rob Hopley became the first goalscorer for Chester FC.

In their first home match on Wednesday 8th September 2010, Chester FC defeated Trafford FC 6-0 which included a hat trick for Michael Wilde, who would go on to win the League's Golden Boot award. Bradley Barnes scored twice, whilst George Horan scored the other goal.

The same night also saw the Deva Stadium renamed as The Exacta Stadium thanks to a five year sponsorship deal with the local firm.

Chester then went on to clinch the Northern Premier League Division One North (Evo-Stik First Div North) in April 2011 on goal difference but on 97 points, on an amazing last day that saw Chester lose at Garforth, and Skelmersdale win 7-2 at home, but Chester won the League by a margin of 2 goals, resulting in the reformed Club's first silverware.

Chester are now in the Evo-Stik Northern Premier League.

The story continues...

Michael Wilde

Striker. Michael showed in pre season games last season that he could score goals for fun and keep up the fine record that he had with TNS for whom he netted 89 times in 135 appearances in the Welsh Premier League. During his time with TNS Michael was twice voted the supporters' Player of the Year and was also chosen by the league managers into their dream team in 2006. Prior to his time in Wales he played for Poulton Vics and two seasons ago he had spells with both Fleetwood and Halifax. Not surprisingly he was a reported target for other clubs in Wales before putting pen to paper for Chester. Hello Stocksbridge!

Chester FC fans are here in their droves this afternoon, and I'm sure that you'll all enjoy great banter with our supporters, who are extremely friendly, and have earned rave reviews on their travels this season.

I think it's fair to say that we don't plan to be around the Evo-Stik Northern Premier League for too much longer, that's nothing against the League itself, but I think everyone knows our story and the reasons for wanting to get the Club back to where it came from.

For the uninitiated, Chester FC reformed in March 2010 following the liquidation of Chester City FC, and from that moment, the fans all pulled together in one direction and a new Community club was re-born, one that would always look to the do the right thing, in the right way. It was time to start a brand new era for football in the historic City of Chester, and now it would become "Our City, Our Community, Our Club".

The fans all boarded the Chester rollercoaster in August 2010 and took us to some great places, some where we'd never been to before, and dare I say potentially may never visit again, but all were enjoyable occasions, well apart from maybe Nantwich away this season, which resulted in our heaviest defeat, but I'll move on from that one straight away!

I think it's fair to say that aside from that trip to Nantwich, Chester FC fans have really enjoyed their away days since we first kicked a ball in the Evo-Stik League in August 2010 at Warrington Town, and I'm sure some will look back on this season, and last, as some of the best days following Chester.

This afternoon of course, we take on your Park Steels knowing that a positive result today could take us up to the Conference North, or maybe not, depending on midweek results, but one thing is for sure, we'll be turning out in our droves once again, as we have done since we reformed.

I don't think the small town of Garforth will ever forget the visit of Chester last season, a sunny April afternoon, the same day William married Kate, but the focus was all on that small West Yorkshire town where over 2,300 Chester fans turned the M62 in to a sea of Blue & White with scarves flying from car windows, and Chester shirts being worn with pride.

This season, we have been to some grounds with truly magic scenery, Matlock being one, a photographers' dream, but then we've also been to North Ferriby on a Tuesday night – maybe not the dream ticket there!

Hopefully the Stocksbridge fans that came to our Exacta Stadium enjoyed the occasion, if not the result – you certainly caught us on a good day that day, but we're all expecting a tougher game today as we know that you are well capable of getting a decent home win, as Hednesford found out to their cost earlier this season!

Stocksbridge is a brand new venue for most of the travelling Blues here today, and like every other ground we've been to, we'll leave with great memories, and wish you the best of luck for the remainder of the season. I'm sure you'll have enjoyed our results recently against Buxton & Whitby, and we'll certainly try and help you by beating Mickleover Sports next Saturday too!

So, please forgive us Chester fans if you see us all celebrating here later today, but maybe leave with the thought that "those Chester fans will always remember their day at Stocksbridge!"...

REVIEW OF THE WEEK

Premier Division

A seventh consecutive league win for Chester FC means that they now have one hand on the Evo-Stik NPL Premier Division trophy with an 11 point lead following Saturday's 2-0 win over Whitby Town. Although nearest rivals Northwich Victoria did manage a 2-0 win over Rushall Olympic, it seems almost certain that Chester will win their second successive championship, with just six games for Vics to claim back the points.

In the race for the play-off places, Bradford Park Avenue picked up their first away win in for with a 3-1 victory over Buxton, which consolidates their position in third. Just below them are Chorley, who picked up a fourth successive win with a 3-0 defeat of Stocksbridge Park Steels at the Look Local Stadium.

FC United of Manchester seem to have pulled off a late charge into the play-off places for the second successive season after a fourth straight home win, this time a comfortable 4-0 defeat of Mickleover Sports. Hednesford Town meanwhile have gone off the boil at precisely the wrong time and are on a run of six home games without a win following Saturday's 0-0 draw with Nantwich Town, who themselves haven't won for seven games on the road. Marine are the only other team with genuine play-off aspirations and they continued what is the best away record in the league by inflicting a fifth straight loss on Ashton United.

At the other end of the table, it's curtains for basement club Burscough after their 1-1 draw with Stafford Rangers rubber stamped their relegation into the First Division. Elsewhere in the relegation fight, Chasetown picked up a first win in 14 games and moved clear of the dropzone with an impressive 4-1 defeat of out-of-form Kendal Town at the Cosyseat Stadium.

Saturday's other game saw Matlock Town's miserable away form continue with a 2-0 loss to Worksop Town. The win was the Tigers' first at Sandy Lane for six games, while the Gladiators haven't won in 14 road games.

A busy midweek schedule saw Chester FC and Bradford Park Avenue enhance their promotion prospects with comfortable wins over North Ferriby United and Kendal Town respectively, while FC United of Manchester were held at Whitby Town. Buxton picked up a vital three points as they defeated Mickleover Sports, and Nantwich Town overcame Rushall Olympic in the day's other game.

First Division North

AFC Fylde moved into pole position in a nervy First Division North title race after a fifth straight win saw them beat Raddcliffe Borough 3-0. The Coaster lead nearest rivals Curzon Ashton by two points after the Tameside outfit drew 1-1 with relegation-threatened Wakefield, with the top side also holding a significant advantage in the goal difference stakes.

Witton Albion are certainly not short on goals as they sit in third place their 4-1 win over promotion contending Woodley Sports takes their tally to 23 from the last six games. Lancaster City's fourth straight win a 1-0 defeat of Prescot Cables sees them sitting in fourth position, while a West Yorkshire dong-dong ensues for the final play-off position with Farsley FC and Garforth Town on 69 points after wins over Cammell Laird and Mossley respectively. Skelmersdale United will also fancy their chances to crash the post-season party after a 1-0 win over Trafford leaves them just four points behind the top five.

At the bottom of the table, Harrogate Railway Athletic's change of management in the week seems to have made a difference as they picked up their first win in 12 a 4-1 win at Salford City to move away from the relegation zone.

www.stocksbridgeps.com

league news

Elsewhere, Durham City gave new Warrington Town manager Shaun Reid a baptism of fire with a 7-1 thrashing their biggest of the season while Ossett Town notched their second successive home win with a 1-0 defeat of Bamber Bridge, and Clitheroe drew 2-2 with Ossett Albion.

The midweek games saw wins for AFC Fylde, Lancaster City and Farsley FC in their respective promotion pushes, while Witton Albion were held 2-2 by Prescot Cables. Woodley Sports snatched all three points at Ossett Albion thanks to a late Jordan Stepien goal, while Ossett Town beat Trafford 2-0.

First Division South

Grantham Town could wrap up the title next weekend after they survived a fight back from Romulus who are without a win in 11 games to clinch all three points at Coles Lane. Nearest rivals Ilkeston FC did their bit to keep the title race alive however with a fourth consecutive win coming in the shape of a 5-0 win over struggling Shepshed Dynamo.

Carlton Town seem to be regaining their form at the right time after a 2-0 win at Newcastle Town extended their unbeaten run to six games, while Sheffield FC picked up a fourth straight home win and consolidate fourth place with a 1-0 defeat of Hucknall Town. Leek Town make up the final play-off spot after a fifth straight win at the expense of Loughborough Dynamo, who themselves have dropped out of contention with a run of one win from six.

Several teams are also hitting a purple patch at the moment, with Belper Town transforming themselves from mid-table make-weights to genuine play-off contenders with a run of 11 games unbeaten, extended on Saturday with a 3-1 win at Coalville Town. New Mills meanwhile have gone on a run of just one loss in nine games and look like they may push the top five all the way after a 4-1 win at Brigg Town.

Elsewhere, erstwhile play-off prospects Stamford AFC continued their slump with a 1-0 defeat to Market Drayton Town the Daniels haven't won in eight games, while Quorn took one step closer to the relegation trap-door with a 2-1 defeat at home to Goole AFC.

In Saturday's other games, Lincoln United picked up a long overdue home win their first in 12 games at Ashby Avenue with a 3-1 defeat of Sutton Coldfield Town, who have picked up just five points in their last nine games, while Rainworth Miners' Welfare drew 1-1 with Kidsgrove Athletic.

Tuesday night's games saw free-scoring Sheffield hit Stamford for six, Leek Town comfortably see off Brigg Town thanks to a Matt Haddrell brace and Newcastle Town draw 1-1 with Rainworth Miners Welfare. Monday's game saw Belper Town's fantastic run continue as a Jonathan Froggatt brace helped them to a 4-1 win at New Mills.

Reid quits Prescott, named Warrington manager

Warrington Town have appointed Shaun Reid as their new manager after the 46-year old quit his role as boss at Prescott Cables.

Reid, who lives in Prescott, joined his hometown club in January and has helped transform their fortunes with no playing budget after the club reverted to amateur status.

Reid was one of more than 40 people who applied for the vacant management position following the departure of Joey Dunn and Stu Humphreys and was on a short list of high calibre candidates.

The board of directors at Warrington were impressed how Reid transformed Prescott's fortunes in such a short space of time and hope he can have a similar impact at Warrington, with six games left this season.

Chief Executive Richard Sutton said: "The appointment of Shaun is part of an overall plan for the progression of the whole club to a standard that sees us move towards being a professional football club further down the line. It is a vital piece in the jigsaw that is involved in the development of the club."

On joining Warrington Reid said: "I am very excited by the opportunities presented to me here at Warrington Town."

"The board is clearly ambitious about promoting football within the town with the ultimate goal of becoming a football league club and I see myself as being part of that journey."

Prescott Cables stalwart and current reserve team manager Joe Gibiliru (Senior) will take charge of the Valerie Park outfit until the end of the season, and anyone interested in the position of manager for next season should contact Club Secretary Doug Lace on 0775 314 3273 or at doug.lace@hotmail.com although the closing date for applications will not be until Friday 4th May.

In a brief statement released upon Reid's departure, Cables said, "The Committee would like to extend their thanks to the Players and to Joe Gibiliru for their loyalty and hard work and would urge all supporters to really get behind the team now for the remainder of the fixtures."

More managerial departures in First Division

Two more First Division clubs have parted ways with their managers this week as they attempt to retain their Evo-Stik NPL status. Following a dire run of form that has seen them slip into the First Division North relegation zone, Harrogate Railway Athletic announced that - following their run of ten games without a win - Nigel Danby was relieved of his role as manager to be replaced by a four man committee.

Alan Parkes, Denis Metcalf, Bob Moffat and Steve Donoghue will take over the running of the club's first team, and took the reins for Saturday's trip to Salford City. Quorn also announced a managerial change earlier in the week, with Craig Armstrong coming in to replace Lawrie Dudfield. The move comes with the Leicestershire side ten points from safety in First Division South, and Armstrong becomes the Farley Way outfit's third manager of the season after Dougie Keast left the role in September to be replaced by the now departed Dudfield.

The Evo-Stik Challenge

The Evo-Stik Northern Premier League are teaming up with the Multiple Sclerosis Trust to run "The Evo-Stik Challenge", a charity bike ride from Wembley Stadium to Blackpool. The event, which is also backed by Arriva North West and Doodson Sport, will start in London on Thursday 14th June and finish at the Blackpool Hilton on Saturday 16th, where the Evo-Stik NPL are hosting their annual Presentation Night.

FUTURE FIRES

Revolutionary fire of the future PANORAMIC FX1 WOODBURNING

www.futurefires.co.uk

Futurefires presents a revolutionary design to the world of wood burning stoves- Panoramic FX1.

Panoramic FX1 with its advanced clean-burning technology is a traditional, clean and efficient way of burning fuel which can provide an effective source of heat. It can burn for longer and also comes with an optional multi-fuel conversion grate. Our stoves are easy to operate, clean and can be left burning for several hours before refuelling.

With a captivating and aesthetic design that will not only warm your space effectively but also becomes the centre of attraction of your living room. The elegant elliptical stove design with its extra large viewing window will suit all spaces and stuns from all angles and gives the appearance of a large open fire. And more interestingly, you can select the colour scheme of the front panels to match your decorations and furnishings.

We have designed Panoramic FX1 focussing on it being environment friendly. Our wood burning stoves come with an Airwash system that helps you take much less time when cleaning the stove. The Airwash technology stops the glass from getting tarred so the glass will stay clean even after many hours of usage.

We at Futurefires manufacture wood burning stoves by hand in the UK at our South Yorkshire factory. We make prompt deliveries on the date specified and will inform you prior for delays during peak seasons.

For the most contemporary and stunning wood burning stove on the market contact us now!!
